👤 PROFILE

Open to a new opportunity for a new professional challenge where I can continue to upskill and stay up to date with the latest technologies.

I am an experienced and motivated developer with over 3 years of experience in developing and maintaining websites. I am skilled in WordPress, JavaScript, React, Node.js & PHP, with a solid understanding of SQL databases and headless CMS.

I have the ability to work effectively in both a team and individual settings, with a track record of meeting project deadlines and exceeding customer expectations.

🧠 SKILLS

HTML | CSS (incl Tailwind, styled components, Bootstrap) | Javascript |
Content Management Systems & creating custom themes (WordPress) | React and Node.js |
Gatsby / Nextjs | Headless CMS (Sanity) | API Integration | PHP |
Version Control (Git & Command Line)

🎓 EDUCATION

Ballyfermot College of Further Education

Digital Media

Higher National Diploma

2010 – 2012 | Dublin, Ireland

University College Dublin

Computer Science

BSc. (Hons.) Grade 2:1

🧰 WORK EXPERIENCE

Velocity Partners

Mid-Level Developer

01-2024 – 03-2025 | London

- Maintain existing client sites, primarily in WordPress but also Gatsby
- Develop new features and maintain existing internal software
- Primarily maintaining & enhancing bespoke WordPress theme plugin
- Migrated projects to use Tailwind CSS from Bootstrap

Umi Digital

Developer

03-2020 – 01-2024 | London

I was initially hired as a junior developer

- Maintain existing client sites, fix bugs & add new features
- Create bespoke WordPress sites for new clients in collaboration with the design team and account managers
- Moving into different tech stack - created a bespoke client site using Gatsby.js with Sanity as the headless CMS
- Client support across a range of client sites
 - Bespoke WordPress themes

- Gatsby (Sanity CMS)
- Next (Strapi CMS)
- Vue (Contentful CMS)

Morgan Spencer Recruitment

06-2019 – present | London

Temporary Agency Administrator

General administration duties: reception, travel booking (flights, trains), facilities

Local Pensions Partnership

02-2017 – 04-2019 | London

Senior Facilities Support Officer

I initially began as a temp & was offered a full-time position

- Created & rolled out online risk assessments company-wide on the e-learning portal
- Helping the ISO accreditation team as an Internal Auditor:
 - Logging any incidents that were an ISO risk
 - Updating the ISO Risk register in preparation for upcoming audits
- Updating company intranet page with relevant facilities information & updates
- Working within the Facilities team to keep the office running smoothly & gain valuable office experience in London

Morgan Spencer Recruitment

2016 – 2017 | London

Temporary Agency Administrator

General administration duties: reception, dictation, filing, data entry

🔧 DEVELOPMENT PROJECTS

Good Hotel Guide [↗](#)

A website using Gatsby, Sanity CMS, and GraphQL implementing complex logic to display unique results on every page

Kirker Holidays [↗](#)

A website using Gatsby, Sanity CMS, and GraphQL

The Resident Hotels [↗](#)

A bespoke Wordpress theme using ACFs, SCSS & Gulp created from a Figma design for a collection of hotels in the UK

Concentration - Matching Card Game

Developed a matching game using vanilla JavaScript with the following features:

- Time elapsed until you complete the game (all cards revealed)
- Total Moves count before you complete the game
- Reset button to start the game over

Utilised: JavaScript (ES6), HTML, CSS
